MEMORANDUM

TO: University Leaders

FROM: Warwick A. Arden
Provost and Executive Vice Chancellor

SUBJECT: Update - Merger of Divisions of Student Affairs and Undergraduate Academic Programs

DATE: February 22, 2012

The merger of the Division of Student Affairs and the Division of Undergraduate Academic Programs to become the new Division of Academic and Student Affairs (DASA) is on-track for full implementation on July 1, 2012. To make sure the merger process continues smoothly and to allow for time to address any issues that may arise, I am implementing the following components of the DASA organization beginning March 1, 2012.

Programs Moving to Four DASA Subdivisions - With two exceptions, all programs currently in the Division of Student Affairs and the Division of Undergraduate Academic Programs are moving into place within the four DASA subdivisions (Academic Programs and Services; Arts NC State; Residential Life; Student Development, Health and Wellness) as planned. The Disability Services Office and the University Scholars Program will move under Academic Programs and Services on July 1, 2012. See the attached DASA organization plan for more details.

Leadership of DASA Subdivisions - Dean John Ambrose will serve as interim head of Academic Programs and Services and the associate vice chancellors will move into their permanent positions within DASA as follows:

- **Academic Programs and Services**: March 1 to July 1, 2012 - led by Dean John Ambrose; July 1, 2012 - led by Vice Provost José Picart
- **Arts NC State**: Associate Vice Chancellor Alex Miller
- **Residential Life**: Associate Vice Chancellor Tim Luckadoo
- **Student Development, Health and Wellness**: Associate Vice Chancellor Lisa Zapata

Dean Ambrose will continue to report to me, and Associate Vice Chancellors Miller, Luckadoo and Zapata will continue to report to Vice Chancellor Tom Stafford until a vice
chancellor and dean for Academic and Student Affairs is hired (search currently underway), after which all four DASA subdivisions will report through the new vice chancellor and dean. Please note that the associate vice chancellors will change to vice provosts on July 1, 2012.

Central DASA Functions - Finance/business/HR, assessment, information technology, development and communications components of the Division of Student Affairs and the Division Undergraduate Academic Programs are in the process of being converted to a centralized model in DASA and will be led by the individuals noted below. These individuals and positions will ultimately report up through the vice chancellor and dean for Academic and Student Affairs and through Vice Chancellor Stafford in the interim.

- Finance/Business/HR: Sandy Jones
- Office of Assessment: Carrie Zelna
- Information Technology: Leslie Dare
- Development: Chief Development Officer to be hired
- Communications: Director of Communications to be hired

Many thanks to all the individuals working extremely hard to make the transition into the Division of Academic and Student Affairs as smooth as possible and thanks also to those serving on the vice chancellor and dean for Academic and Student Affairs search committee. I look forward to all that the future holds for this division and the students we serve.

cc: Chancellor Randy Woodson
Division of Academic and Student Affairs (DASA)

Vice Chancellor and Dean for Academic and Student Affairs
