

Plant Disease and Insect Clinic Fees, effective April 15, 2010

Last updated July 29, 2015

General plant and insect samples

- **No charge:** Digital Image Samples. Adequacy of the image for obtaining a reliable diagnosis will be determined by the diagnostician. If a physical sample is necessary for diagnosis, that sample will be charged at the applicable rate.
- **\$20: In-state samples submitted by CES (including Master Gardeners)**, NCDA & CS Regional Agronomists, and other State of North Carolina and non-profit agencies, **with on-line submission of sample information**. A computer will be available in the PDIC reception area so that you can enter information on-line for samples hand-delivered to the PDIC.
- **\$30: In-state samples submitted directly to the PDIC** by the public, including landscapers, independent crop consultants, homeowners, farmers, commercial growers and pest control operators, and all samples submitted without information filled out on-line
- **\$75:** Out-of-state samples (see exceptions below)
- It is very helpful for our diagnosticians to have several plants showing the problem(s) in question, at various stages of decline if possible. Please note, however, that individual plants or groups of plants FOR WHICH YOU WANT INDIVIDUAL REPORTS must now be submitted as separate samples. At the diagnostician's discretion, these may at times be charged as one single sample if the problem(s) on them appear to be the same. Plants of different species will almost always be entered and maintained as separate samples

Golf samples:

Please see the **NC State Turf Diagnostics Lab** for details and special instructions <http://www.ncstateturfdiagnostics.com/TDL/Home.html>

- **\$60:** In-state golf course samples
- **\$120:** Out-of-state golf course samples

Analysis of greenhouse air for ethylene concentration

- **\$40:** In-state samples
- **\$100:** Out-of-state samples
- One sample consists of five glass vials

Payment:

- Make checks payable to "North Carolina State University"
- The turf diagnostics lab accepts credit cards
- PLEASE DO NOT send cash
