

## Technology Transfer Survey

1. Do you think that the Center has helped to promote the technology capabilities of your company?

If No, why has this not happened?

2. Can you tell us which research areas/thrusts have been most useful to your company? Which specific research projects have been of most use to your firm?
3. Can you give me an example of center-related technology, information, or "know how" that has been successfully transferred to your company?
4. Can you give me some idea of what was transferred?
5. Was anything developed or were advances made from the transfer taking place?
6. Can you say how far this development or advance has progressed?
7. Can you give us an idea of the kind of impact this development or advance has had or is projected to have on areas like sales, production, quality control, etc.?
8. Do you have any suggestions about how the center can improve the technical benefits realized by your firm?
