**About Our Trainer Jason Gershowitz**

Jason Gershowitz helps communities, social leaders, businesses, and governments get results and build lasting relationships through collaboration. Through his work at RESOLVE, he supports multi-party policy dialogues and consensus processes. Jason’s experience is in supply chains and sourcing, management of natural resource issues and conflicts, renewable energy, and drinking water. Jason uses his expertise in collaborative technology to identify opportunities for more efficient and effective engagement, communications, and internal practices.

This training is supported through RESOLVE’s Collaborative Technology Tool Shed (CTTS) - a unique, accessible, and efficient suite of tested IT tools, systems, and resources designed to support community, business, government, and NGO leaders in their efforts to build solutions to environmental, social, and health challenges. The Tool Shed includes a platform of information gathering, information sharing, information analysis, and logistics tools along with training and support for collaborative leaders and stakeholders.

For additional information about Jason and RESOLVE, please visit: [www.resolv.org](http://www.resolv.org)

**Integrating Collaborative Technology into Environmental, Public, & Community Decision-Making**

August 7, 2012

JC Raulston Arboretum

Raleigh, NC
This year’s Natural Resources Leadership Association is pleased to present Jason Gershowitz, a nationally known collaborative technology leader.

Participants will come away from the session with the following outcomes:

☐ An appreciation for challenges that arise when introducing new technologies to new and existing processes.

☐ Hands on experience with synchronous collaboration technologies such as mind-mapping and webinars (and more!)

☐ An understanding about different problem solving approaches for when technology goes wrong.

☐ Awareness about design considerations to inform decisions when selecting and applying collaborative technology.

☐ Helpful insights into what types of technologies are useful for different process phases.

☐ Opportunities to share with peers their best experiences and challenges in using collaborative technology.

Directions to the JC Raulston Arboretum
The JC Raulston Arboretum is located at 4415 Beryl Road in Raleigh, North Carolina.

From the West, the Raleigh/Durham Airport
Take I-85/I-40 East to Raleigh. Take exit #289 to Wade Avenue. Take the second exit on the right for Blue Ridge Road. At the top of the exit ramp, turn right on to Blue Ridge Road. Go to the third traffic light and turn left on Hillsborough Street. After driving under the Beltline, turn right (by the Waffle House) onto Beryl Road. Go over railroad tracks (bearing to the right) and continue straight ahead for about a half mile. The Arboretum’s entrance is on the left shortly after Capitol City Lumber.

For additional directions visit: www.ncsu.edu/jcraulstonarboretum/visit/visitor_information/directions.html
