Entry 10: Interview

Interview someone you know who was alive in 1969 and remembers when Neil Armstrong stepped onto the Moon. Ask this person what he or she remembers. Write down important things that they tell you about the following questions.

1) What details do you remember about the day Neil Armstrong walked on the Moon?

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

2) How did you feel when you heard about this news?

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

3) How do you remember other people around you reacting to the news? Your parents, grandparents or friends?

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

________________________________________________________________________

Write a summary about your interview in your Agronaut Log.
