i. upon evidence of tampering with a boot or threatening to remove a boot
j. unauthorized use of permit

5.2.2 In addition to any fine assessed for a violation of this Ordinance, the owner of a vehicle which is towed from the University is responsible for payment directly to the towing contractor of any towing and/or storage fee charged for such towing.

5.3 Vehicle Immobilization

5.3.1 Any vehicle parked in violation of this Ordinance or any parking regulation issued hereunder may be immobilized by use of a wheel boot. If a vehicle is not registered with Transportation, it may be immobilized to obtain identification from the owner/operator.

5.3.2 Wheel boots will only be removed by Transportation staff, upon payment of the boot removal fee and all outstanding fines. Vehicles are only released from immobilization Monday through Friday between 7 a.m. and 6 p.m., exclusive of University employee holidays. 5.3.3 Vehicles immobilized for longer than thirty-six (36) hours shall be towed from the University. The owner or custodian of the vehicle shall be responsible for both the boot removal and towing fees, applicable storage fees and accumulated fines. A vehicle shall not be released until all fines and fees are paid.

5.4 Suspension of Parking Privileges

5.4.1 The Director of Transportation or designee may, in addition to any other penalty, suspend the parking privileges of any individual found to be in violation of the following:

a. unauthorized use of a physical or virtual permit
b. counterfeiting or altering of permits
c. presenting false information
d. chronic offender(s)
e. failure to settle outstanding fines and fees
f. destruction or damage to University property

Chronic offenders are subject to escalating punitive enforcement measures that include, but are not limited to, booting of the vehicle on each subsequent violation, increasing boot removal fees, towing of vehicle on each subsequent violation, revocation of parking privileges and/or (as applicable) referral to the Office of Student Conduct. Employees may be referred to their appropriate administrator.

5.5 Payment of Fines, Fees and Charges
5.5.1 Payments due to Transportation may be made in the following manners:

a. **Cash (not mailed)**, valid one-party checks, payroll deduction (employees only), debit, credit cards or All Campus Card. Coins will not be accepted as a primary source of payment.
b. Service Unit Billings - State funds may not be used for payment of parking violations or permits for personal vehicles.

5.6.1 Failure to settle outstanding transportation fines, fees and/or charges within the required time frame can result in the University's arranging for the collection of fees assessed against faculty, staff, students and visitors in the following manner:

a. Penalties owed by employees of the University may be deducted from payroll checks.
b. Penalties owed by students shall be forwarded to the University Cashier for collection in the same manner that other debts owed to the University by students are collected.

5.7 Appeals

5.7.1 Individuals issued a parking citation may appeal the penalty within seven (7) calendar days of the date of the citation or letter imposing punishment. There are no provisions under these Ordinances for appeal of a Pay Lot Invoice because it is a user fee for parking in a visitor parking area.

a. Appeals must be filed online at the Transportation office or through the Transportation website.  
b. All information requested on the appeal form must be provided to constitute a valid appeal.  
c. Only those appeals received during the seven (7) calendar day deadline shall be reviewed.  
d. Late or incomplete appeals shall not be reviewed and do not require a response.  
e. Appellants shall be notified by mail and/or e-mail of the decision to grant or deny their request.

b. If the appeal is denied, the appellant may submit a Request for an Appeal Board Hearing.  
   1. Fine amounts must be paid prior to a Board Hearing request being accepted.  
   2. Board Hearing requests must be received within seven (7) days of the appeal decision.
3. All information on the appeal form must be provided to constitute a valid Board Hearing Request.
c. Only appeals that meet the requirements of 5.7.2.b. will be reviewed.

5.7.3 Accepted Board Hearing Requests shall be presented before an Appeals Hearing Board. The individual shall be notified in writing of the hearing date, time and location. Attendance at the hearing is not required. Each individual is permitted one continuance of the hearing if they are unable to attend. A continuance must be requested at least 48 hours prior to the scheduled date. Individuals must be on time for their hearing. Cases shall not be rescheduled.

Appellants are required to notify Appeals Officer on whether or not they shall attend the hearing. Failure to do so shall result in nullification of the Hearing Request and the fine reverts to the original amount.

The decision reached by the Hearing Board is final.

5.7.4 The Appeals Hearing Board shall hear and make decisions for all eligible Board Hearing Requests.

Board judgment is based on:

a. Information provided by the appellant

a. A member of the University Legal Counsel may be used as a consultant to answer legal concerns posed by the Appeals Hearing Board.
b. A representative of Transportation may attend each hearing to clarify any operational questions that may arise.
c. Appeals Hearing Board shall meet monthly, as the academic schedule allows. When additional hearings are necessary to process appeals, the Appeals Officer shall determine and schedule appropriate date and time.

5.7.7 Outside Legal Counsel

Although active participation by legal counsel is not permitted, a third party observer may be allowed. This observer may not actively participate during the hearing process. The appellant must inform the Appeals Officer at least 48 hours prior to their hearing date if they wish to have an observer present and the name of that individual.

6. TRAFFIC REGULATIONS

6.1 The Director of Transportation is responsible for establishing and posting all traffic control signs and devices on campus for the purpose of regulating vehicular operations and speeds for University streets, roads,

| Provide zoning rights to provide flexibility and accommodate long term needs for both university buildings and private development on Centennial Campus, including paving the way for the planned Innovation District | • Framework for additional ~9M sf of development  
• Permitted uses to encompass academic, research and partner activities  
• Development rights facilitate critical mass of activity to drive further campus activation  
• Campus-wide approach to parking, open space and related requirements |
| Align the zoning structure with the City of Raleigh’s updated zoning ordinances and the university’s 21st century vision of Centennial Campus as a mixed-use urban learn/live/work/play innovation environment | • Adopts Campus Master Plan (CMP) zoning under current zoning ordinance.  
• Heights and density facilitate vision of a more urban learn/live/work/play environment |
| Create predictability and certainty as to campus development rights and associated requirements | • Modernization of prior zoning provides clarity around the rights and responsibilities associated with future campus development |
