Independent Auditor's Report

To the Board of Directors
North Carolina Veterinary Medical Foundation, Inc.
Raleigh, North Carolina

We have audited the accompanying financial statements of North Carolina Veterinary Medical Foundation, Inc. (the "Foundation"), which comprise the statement of financial position as of June 30, 2016, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Information

The 2015 financial statements of the Foundation were audited by other auditors, whose report dated October 9, 2015 expressed an unmodified opinion on those statements.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of North Carolina Veterinary Medical Foundation, Inc. as of June 30, 2016, and the results of its operations and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Disclaimer of Opinion on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the basic financial statements as a whole. The supplemental information on pages 20 through 22 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has not been subjected to auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Notes to Financial Statements
For the Years Ended June 30, 2016 and 2015

Note 1. Nature of Activities and Significant Accounting Policies

Nature of activities: North Carolina Veterinary Medical Foundation, Inc. (the "Foundation") is one of a group of foundations which provides financial support exclusively to one or more of the colleges at North Carolina State University (the "University"). The Foundation, established in 1978, provides financial support for all types of education and research in the field of veterinary medicine at North Carolina State University.

A summary of the Foundation's significant accounting policies follows:

Basis of accounting and presentation: The financial statements of the Foundation are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. In preparing its financial statements, net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Unrestricted net assets – Net assets that are not subject to donor-imposed stipulations.

Temporarily restricted net assets – Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Foundation and/or by the passage of time.

Permanently restricted net assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donors of these assets permit the Foundation to use all or part of the earnings on related investments for the donor-restricted purpose.

Cash and cash equivalents: For purposes of reporting cash flows, the Foundation considers all highly liquid instruments with an original maturity date of 90 days or less to be cash equivalents. Cash designated or restricted for long-term purposes is included with long-term investments. At times, the Foundation places deposits with a high quality financial institution that may be in excess of federal insurance limits.

Cash and cash equivalents consist of accounts with the State Treasurer's Short Term Investment Fund (the "STIF"), and Wells Fargo Bank, N.A. The STIF account maintained by the State Treasurer has the general characteristics of a demand deposit account in that participants may deposit and withdraw cash at any time without prior notice or penalty.

Intermediate investments: Intermediate investments consist of the NC State Investment Fund, Inc. Intermediate Term Fund (the "ITF") and an account with the common/fund Intermediate Term Fund for funds that can be invested for longer periods, but which are available in the event of short-term needs. These investments are reported at readily determinable fair values of \$3,031,896 and \$3,028,239 at June 30, 2016 and 2015, respectively. The cost of these investments was \$3,349,153 and \$3,356,123 as of June 30, 2016 and 2015, respectively.

North Carolina Veterinary Medical Foundation, Inc.

Notes to Financial Statements
For the Years Ended June 30, 2016 and 2015

Note 1. Nature of Activities and Significant Accounting Policies (continued)

Long-term investments: Long-term investments are stated at fair value based on readily determinable fair values, when available. Investments for which readily determinable fair values are not available are carried at estimated fair values as provided by the respective fund managers of the investments. The Foundation, in accordance with investment policies promulgated by its Board of Directors ("Board"), invests with the NC State Investment Fund, Inc. Long Term Investment Pool (the "LTIP"). In addition, the Foundation has planned giving instruments invested with Wells Fargo.

Pledges receivable: Unconditional pledges receivable are recognized as support and assets in the period received. Conditional pledges are recognized when the conditions on which they depend are substantially met.

Receivable from University-associated entities: Receivable from University-associated entities consists of amounts due to the Foundation from the University and other University-associated Foundations.

Other assets: Other assets include beneficiary interests in life insurance policies contributed to the Foundation and the Foundation is the owner of these policies. These gifts are recorded at current cash surrender value, less any loans outstanding on the policies. Cash surrender values of these policies were \$13,016 and \$12,600 at June 30, 2016 and June 30, 2015, respectively. Also included in other assets is nondepreciable artwork totaling \$94,495 at June 30, 2016 and 2015.

Accounts payable – North Carolina State University: Accounts payable to the University include amounts disbursed by the University on behalf of the Foundation for payment of various normal operating expenses and totaled \$33,922 and \$40,637 at June 30, 2016 and 2015, respectively.

Due to others: Due to others at June 30, 2016 and 2015 consists of \$21,503 and \$22,550, respectively, due to remainder beneficiaries of life income funds.

Contributions: Restricted contributions are segregated for income and expense reporting purposes; however, the assets are commingled. When a donor or grantor restriction expires because the stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported as net assets released from restrictions in the statements of activities.

The University has a gift assessment program that supports Central Development and college-level fund-raising efforts. A one-time fee of 5% is assessed on gifts that support current operations and facilities, with 3% designated for Central Development and 2% designated to the fund-raising entity receiving the gift.

Notes to Financial Statements
For the Years Ended June 30, 2016 and 2015

Note 1. Nature of Activities and Significant Accounting Policies (continued)

Investment income: Investment income is allocated on the basis of average fund balances for unrestricted and temporarily restricted net assets. For endowments, investment income is allocated on the "unit value" method of valuing interest in an investment portfolio and the investment earnings are recorded as unrestricted, temporarily restricted, or permanently restricted, as appropriate. Earnings from investments are net of investment fees of \$207,687 and \$174,832 for the years ended June 30, 2016 and 2015, respectively. Gains and losses on sales of investments are allocated on the unit value method. Investment income on investments owned individually by one fund is directly allocated to the owning fund.

As part of the University's gift assessment program, an annual fee of 0.50% is assessed on the average twenty-quarter market value of assets held in the investment portfolio, with 0.25% designated for University Advancement and 0.25% designated to college-level fundraising efforts. In addition, an assessment of 0.25% is charged by the Foundation on the average twenty-quarter market value of assets held in the investment portfolio, for the support of University Advancement.

Estimates: The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income taxes and uncertain tax positions: The Foundation is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and is classified as other than a private foundation. The Foundation had no significant unrelated trade or business income for 2016 and 2015. Therefore, no provision for income taxes has been reflected in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the organization and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Foundation, and has concluded that as of June 30, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Foundation is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Management believes it is no longer subject to income tax examinations for years prior to 2012.

Note 2. Endowment

The Foundation's endowment consists of approximately 130 individual funds established for a variety of purposes related to the mission of the University. The endowment includes both donor-restricted endowments and funds designated by the Foundation's Board to function as endowments. Net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. The majority of the Foundation's signed endowment gift agreements with donors have donor-imposed restrictions which stipulate that principal shall not be used to fund spending.

Notes to Financial Statements
For the Years Ended June 30, 2016 and 2015

Note 2. Endowment (continued)

Interpretation of relevant law: The Uniform Prudent Management of Institutional Funds Act ("UPMIFA") was adopted in North Carolina as NC General Statute 36E effective March 17, 2009. UPMIFA defines a prudence standard for management and investment of institutional funds. As a result of the Foundation's interpretation of UPMIFA, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment that are required by the applicable donor gift instrument. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation's endowment spending policy.

Funds with deficiencies: From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the original gift value. These deficiencies generally result from unfavorable market fluctuations which produce unrealized losses to the fund. Deficiencies of this nature are reported in unrestricted net assets and were (\$207,190) and \$0 as of June 30, 2016 and 2015, respectively.

Investment return objectives and risk parameters: The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a stable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for donor-specified periods as well as board-designated funds. The endowment assets are invested through the LTIP in a manner that is intended to produce results that exceed a 70% MCSI ACWI Index/30% Barclays Aggregate Bond Index benchmark over rolling five and ten year periods while assuming a moderate level of investment risk.

Spending policy: The Foundation has a policy of appropriating for programmatic spending each year 4% of its endowment fund's average market value over the prior twenty quarters through the fiscal year-end preceding the fiscal year in which the spending is planned. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return. However, in declining market conditions, many newer endowments are not able to fund spending at the 4% level. Unless the gift instrument specifies otherwise, up to 15% of the corpus of an endowment may be expended if reserves are not sufficient to fund the programmatic spending amount, subject to the guidelines provided by UPMIFA. However, if the gift instrument does not allow spending of corpus, the Foundation does not initiate or renew spending for the individual endowments affected by declining market conditions until their market value has been recovered and exceeds their original gift value. In establishing the spending policy, the Foundation considered the long-term expected return on its endowment. Spending budgets were calculated at \$426,055 and \$532,710 for fiscal years 2016 and 2017, respectively.

Strategies employed for achieving investment objectives: For the long term, the primary investment objective is to earn a total return (net of investment and custodial fees), within prudent levels of risk, which is sufficient to maintain in real terms the purchasing power of the LTIP and to meet the spending needs of the University. To meet this investment objective, the LTIP invests in various asset classes to offer diversification. The purpose of diversification is to provide reasonable assurance that no single security or class of securities or manager will have a disproportionate impact on the performance of the total fund.

North Carolina Veterinary Medical Foundation, Inc.

Notes to Financial Statements
For the Years Ended June 30, 2016 and 2015

Note 2. Endowment (continued)

The LTIP is diversified both by asset class (e.g. common stocks and fixed income securities) and within asset classes (e.g., within common stocks by economic sector, geographic area, industry, quality, and size). In addition, the LTIP seeks to diversify exposure to all asset classes through the use of multiple managers that use a variety of investment approaches.

Note 3. Long-Term Investments

The Foundation invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of financial position.

Long-term investments at June 30, 2016 and 2015 consisted of:

	2016		2015	
	Cost	Fair Value	Cost	Fair Value
STIF	\$ 75,806	\$ 75,806	\$ 32,725	\$ 32,725

Note 3. Long-Term Investments (continued)

Investments held by the LTIP at June 30, 2016 were made up of limited partnerships, an investment with a Blackrock Liquid Policy Portfolio ("LPP"), a bundle of exchange-traded funds, and the STIF. As of June 30, 2016, approximately 91.2% of these limited partnerships were with the UNC Management Company, 3.5% were committed to or in other private equity investments with JP Morgan, Blackrock, and SEI, 5.1% was invested in the LPP, and 0.2% was invested in the STIF. The LTIP's net assets were valued at approximately \$683,380,000 and \$676,716,000 at June 30, 2016 and 2015, respectively. The Foundation's investment in the LTIP represents approximately 7.4% and 7.0% of the member equity of the LTIP at June 30, 2016 and 2015, respectively.

The Foundation's investments held in Life Income Funds consist of a diversified portfolio of bond and equity mutual funds.

Note 4. Fair Value Measurement

The Fair Value Measurements and Disclosures Topic of the Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820 provides a framework for measuring fair value under generally accepted accounting principles. ASC 820 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. ASC 820 requires that valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. ASC 820 also establishes a fair value hierarchy, which prioritizes the valuation inputs into three broad levels.

The fair value hierarchy of inputs is summarized in the three broad levels listed below:

Level 1 – Valuations based on quoted prices in active markets for identical investments

Level 2 – Valuations based on quoted prices in inactive markets or for which all significant inputs are observable (including quoted prices for similar investments, interest rates, credit risks, etc.)

Level 3 – Valuations based on significant unobservable inputs (including the fund's own assumptions in determining the fair value of investments)

Note 4. Fair Value Measurement (continued)

Following is a description of the valuation methodologies used for assets measured at fair value.

STIF – This investment has the general characteristics of a demand deposit account in that participants may deposit and withdraw cash at any time without prior notice or penalty.

commonfund Intermediate Term Fund – Valued using the net asset value (“NAV”) per share of the fund provided by the fund manager. The Foundation considers this the best estimate of fair value for investments that do not have a quoted market price.

NC State Investment Fund, Inc. Intermediate Term Fund (ITF) – This investment is a combination of publicly traded mutual funds valued at quoted market prices.

NC State Investment Fund, Inc. Long Term Investment Pool (LTIP) - The LTIP's investment in UNCMC is valued using the net asset value per share of the fund provided by the fund manager. The LTIP's private equity investments are initially valued based on transaction price with subsequent valuation adjustments based on trading multiples of comparable public companies adjusted for differences in factors such as liquidity. The LTIP's investment in LPP is valued at the closing price of the exchange-traded fund's shares. The LTIP also has an investment in the STIF, valued as described above.

Life Income Funds – These investments are a combination of exchange-traded equity and fixed income securities valued at quoted market prices.

Beneficial Interest in Life Insurance Policies – Valued based on the cash surrender value of the policies. Because these values are based on significant unobservable inputs, they are categorized in Level 3 of the fair value hierarchy.

Note 5. Life Income Funds

The financial statements include assets and liabilities of charitable gift annuities and unitrust agreements for which the Foundation is trustee. The grantors and/or beneficiaries retain future income interests in these assets until their death. These life income funds are recorded at fair value at the date of gift. Life income funds at June 30, 2016 and 2015 have asset balances of \$1,639,773 and \$1,772,039 respectively.

The liabilities for distributions to the grantors and/or beneficiaries are computed using Internal Revenue Code annuity valuation tables, the distribution terms of the agreement, and the life expectancy of the beneficiaries, and totaled \$692,237 and \$789,991 at June 30, 2016 and 2015, respectively. Payments from these funds were \$105,808 and \$111,117 during the years ended June 30, 2016 and 2015, respectively. An unrestricted reserve account has been established in the Foundation's Charitable Gift Annuity (“CGA”) pool to receive 5% from all new CGAs established to offset the liabilities for any annuities that reach exhaustion. The goal is to build the unrestricted reserve fund to equal 5% of the total value of the Foundation's CGA pool. As of June 30, 2016 and 2015, the CGA reserve balance was \$3,824 and \$3,832, respectively.

Note 6. Pledges Receivable

Pledges receivable consisted of the following at June 30:

	2016	2015
Receivable in less than one year	\$ 5,836,856	\$ 3,274,847
Receivable in one to five years	6,578,618	14,718,273
Total pledges receivable, gross	<u>12,415,474</u>	<u>17,993,120</u>
Less allowance for uncollectible pledges	(141,000)	(260,000)
Less unamortized discount (discount rates of 0.55% to 1.17%)	(162,535)	(358,521)
Pledges receivable, net	<u>\$ 12,111,939</u>	<u>\$ 17,374,599</u>

An allowance for doubtful accounts has been established and is updated annually to reflect 5% of the Foundation's outstanding pledge balance, excluding three large pledges for which the Foundation is reasonably assured of collecting. Active past due pledges receivable are reviewed twice yearly by the Advancement Services office in order to determine if it is appropriate to write off such pledges.

Two donors represented approximately \$11.9 million and \$17.4 million of the total discounted pledge receivable at June 30, 2016 and 2015, respectively.

Note 7. Donated Services, Salaries, and Facilities

Donated services and facilities of approximately \$136,000 and \$90,000 for the years ended June 30, 2016 and 2015, respectively, have been reflected in the financial statements for services and facilities provided by the University Finance Division. In addition, donated salaries paid by the University for college development personnel of approximately \$284,000 and \$346,000 for the years ended June 30, 2016 and 2015, respectively, have been reflected in the accompanying financial statements.

Note 10. Net Assets Released From Donor Restrictions

Net assets were released from donor restrictions as restrictions were met via the passage of time or by incurring expenses satisfying the restricted purposes specified by donors as follows:

	2016	2015
Scholarships	\$ 356,919	\$ 319,475
Fellowships	48,638	2,158
Research support	459,838	603,935

Other	456,027	558,426
	<u>\$ 2,325,181</u>	<u>\$ 2,487,753</u>

Net assets released from restriction grouping "Other" includes amounts designated for general college support and funds with multiple purposes.

Note 11. Transfers Among Funds To Permanently Restricted

The Foundation's policy requires a minimum gift amount to establish an endowment. Contributions received toward setting up an endowment which are less than the minimum amount are initially recorded as temporarily restricted net assets, as it is understood by the donor that if the endowment minimum is not reached, the corpus can be used for the intended purpose. When the endowment reaches the minimum amount, due to additional contributions, the endowment is transferred to permanently restricted net assets. For the years ended June 30, 2016 and 2015, net endowment transfers among funds were \$114,544 and \$136,249, respectively.

Note 12. Prior Year Reclassifications

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation with no effect on previously reported total net assets.

Note 13. Subsequent Events

The Foundation has evaluated subsequent events through November 11, 2016, the date which the consolidated financial statements were available to be issued, and there were none to report.
