**Historical Overview of the Southern District**

**Our Purpose** The Southern District of the Institute of Transportation Engineers (SDITE) is composed of professionals who have united to contribute individually and collectively toward meeting human needs for mobility and safety, and to promote the professional development of SDITE members.

**Our History** The national organization was formed Oct. 2, 1930 in Pittsburgh, Pennsylvania. In 1952, four southern members of national ITE agreed to start a “Southern Section” and began to piggyback their meetings with the Southern Safety Council annual meetings. In 1953 twelve ITE members drafted a petition requesting a Charter for the Southern Section (SSITE), granted on Nov. 1, 1953. SSITE began to actively represent the interests of transportation engineers in the Southeast. Since then, there have been several routine changes in structure as states joined and withdrew from the organization and as the national organization matured.

Over the years, sub-units of SSITE were formed. These were initially called Divisions: Virginia - 1958, Georgia - 1962, North Carolina - 1963, Tennessee - 1963, Kentucky - 1969, South Carolina - 1969, Alabama - 1973, and Deep South (Louisiana/Mississippi) - 1975. In 1975, Virginia withdrew and petitioned to become a Section, and was granted a charter.

International ITE created a system of districts in 1973; District 5 was composed of the Southern, Florida, and Texas Sections. Over time, separate districts were created for Florida and Texas, and in 1987 SSITE and Virginia Section voted to merge and form a district. International ITE granted a charter to SDITE the next year. At the same time, the seven Divisions became Sections.

For those members who are interested in the rich history of the District, two documents are available. The SDITE website contains an interesting article entitled, “Our Roots: 1920-1989, An Executive History of the Southern District.” A more detailed document entitled, “A History of the Southern Section of the Institute of Transportation Engineers” was prepared in 1988 by a committee of past presidents led by Jack C. Marcellis.

Awards

The District has a rich heritage of recognizing exemplary service to our profession and organization. A Listing of past award recipients are shown below. In general, awards were conferred during the Annual Meeting of the following year.

**Herman J. Hoose Distinguished Service Award**
At the Southern Section’s 20th Anniversary Annual Meeting in Memphis, Tennessee, a program of awards was initiated for distinguished service. The first award was created to recognize persons who untiringly and unselfishly contributed to our profession and our professional organization, and who by personal integrity, leadership and example inspired fellow professionals to greater service. It was appropriately named “The Herman J. Hoose Distinguished Service Award.”

**Marble J. Hensley Outstanding Individual Activity Award**
At the Southern Section’s 21st Annual meeting in New Orleans in 1973, the awards program was expanded to include an award to a member who untiringly and unselfishly contributed during the previous year to our profession and our professional organization and who by personal integrity, leadership and example inspired fellow professionals to greater service. This award was appropriately named “The Marble J. Hensley Outstanding Individual Activity Award.”
